Zvířecí malá násobilka

1. K čemu materiál slouží?

- materiál můžete využít k výuce nebo opakování malé násobilky (násobení)

2. Materiál použijte

- při výuce ve škole
- pro vlastní potřebu
- při domácím vzdělávání

3. Materiál prosím

- nesdílejte na internetu bez svolení autora
- nevydávejte za svůj
- nenechte na něj prášit, dětem se určitě zalíbí a hodně toho díky němu pochopí

4. Jak materiál využívat?

- Rozstříhejte kartičky, kartičky s čísly vystavte po třídě (tabule, nástěnka, obraz, umyvadlo...klidně podle toho, kde se zvířátka vyskytují) a kartičky pro žáky můžete rozdat, nebo rozprostřít na stůl příkladem dolů, ať si každý žák vybere.
- Poté žáci musí najít hodnotu svých zvířátek a vypočítat příklad.
- Zkontrolujte buď společnou práci nebo pomocí vyřešených kartiček.
- Poslední list jsou příklady s omalovánkou pro žáky

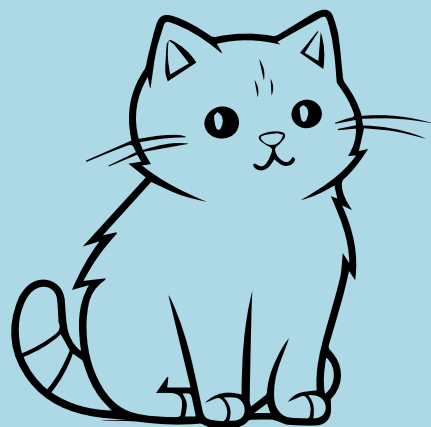

Děkuji za koupi materiálu :)
